How to Determine if a Book Is Just Right for You: The Five-Finger Method

1. Turn to any page of the text you have selected and begin reading.
2. Each time you come to a word that you cannot pronounce or understand, put up one finger.
3. When you reach the end of the page, how many fingers are you holding up? If you are holding up five or more fingers, the text is too difficult for you to read at this time. Choose another one.
